

If You Need a Label, You Need...

DYMO®

At DYMO, as the world's leading labelling specialists, we aim to design and deliver innovative and constantly evolving labelling solutions that satisfy our customers needs and make life that little bit easier.

Entering the new millennium, DYMO offers a complete range of labelling solutions for use at home, in the office or in industrial and retail environments... **if it needs a label it needs a DYMO.**

A DYMO LABELMANAGER 9000

The versatile LabelMANAGER 9000 can be used as a stand-alone labeller or it can be linked to a PC. The LabelMANAGER 9000 is the complete labelling solution that comes with easy to use Windows WYSIWYG (What You See Is What You Get) software.

The LabelMANAGER 9000 is capable of printing all the labels you need for the office, warehouse, factory or retail.

The LM9000 prints labels at a resolution of 200dpi giving crisp, clean print quality.

Features for use as a stand-alone label maker include:

- Easy to use QWERTY keyboard
- Prints on 6mm, 12mm, 19mm, 24mm and 32mm wide D2 tapes
- Clear 4 line, 22-character LCD for easy editing and label preview
- Up to 6 line printing (6+ via PC)
- Maximum print height: 24.38mm
- 2 fonts & 18 sizes including auto sizing feature
- Font styles: normal, narrow, bold, vertical, italic, outline, shadow and mirror printing
- Barcodes - UPC-A/E, EAN-8/13, Code-39, Code-128 bar codes
- Effects - boxes around text, underline and background shade
- Left, centre and right justification
- Auto-numbering and repeat printing
- 170 unique symbols to customize your labels
- Incremental printing
- Mix-n-match colours with colour break option
- PC connectivity through built-in serial port
- Includes label design software for Windows
- Built-in memory saves last label
- Auto power off
- Memory backup via internal battery
- Power adaptor supplied
- Dimensions (WHD): 335 x 90 x 162mm
- Weight: 1.5kg

Additional Features after linking to a PC and using Dymo Label Software.

- Clear logical software menu
- Imports clipart
- Imports database fields from other Windows Database applications
- Write, edit, cut, copy and paste
- Add & format text and drawing objects
- Unlimited Character Sizes

System requirements for linking to a PC

- PC running Windows 95, 98, 2000, NT, ME
- 16 MB RAM
- 2 MB HDD.

DYMO®

A DYMO LabelMANAGER PC

DYMO's LabelMANAGER PC makes it easy to print high quality, self-adhesive labels direct from your PC. With easy to use label design software and a wide selection of colourful DYMO D1 tapes, you can quickly create eye-catching labels for file folders, presentations, property and shelf tags, videotapes, art projects, electrical boxes and much more. Plus you can print a range of labels direct from all your favourite software programs, such as Microsoft® Word and Excel. LabelMANAGER PC prints on 6mm, 9mm, 12mm, 19mm and 24mm wide D1 tapes.

For Windows 98, 2000, Me and XP.

- Connects easily to USB port.
- Comes with its own easy to use software plus printer drivers so you can print direct from all your favourite programs.
- Combines text, symbols and graphics.
- Many formatting options - bold, italics, outline, shadow and more.
- Many alignment options - print vertically or horizontally, justify left, centre, right, & more.

- User adjustable label lengths. Text can be automatically resized on the label for best fit.
 - Auto date and time printing.
 - A smart paste feature correctly prints a set of labels matching text copied from a word processor or a range of cells copied from a spreadsheet.
 - Prints mirror image.
 - Prints on 6 mm, 9 mm, 12 mm, 19 mm and 24 mm wide D1 tapes.
 - Works with Windows 98, NT4, 2000, Me & XP.
 - Comes complete with printer, power supply, USB cable, 19mm wide DYMO D1 tape cartridge, software, manual & Quick Start card
 - Connect via USB port only.
 - Dimensions (WHD): 76 x 137 x 102 mm.
 - Weight: 0.5kg
- System Requirements

DYMO® DYMO LABELMAKER LABEL TAPE SELECTION GUIDE

D1 & D2 Label Tape Cassettes

DYMO Label tapes are available in a wide variety of colours and sizes.

The split back on Dymo Label Tapes makes it easy to remove the backing paper providing quick, trouble free label application.

There are two types of tape cassette systems.

D1 Tapes

One tape system for DYMO LM100+, LM200, LM 300, LM400, LM-PC, LP100, LP200 & LP300.

D2 Tapes

Two tape system for DYMO LM9000 & PC-10.

Regardless of the tapes system your DYMO Labeller uses, both D1 & D2 tapes offer the same characteristics.

They stick to most flat and clean surfaces (paper, plastic, metal, wood, glass)

Resistant to water, oil & most weak or mid-strength solvents

Temperature resistant between -30°C and +150°C
